Dear Sir-

On my return from Boston, this morning, I find your esteemed favor of Nov. 3rd. I thank you for your willingness to accomodate us in this matter. I assure you it is an accomodation. When we have such a large stream of work coming through and we meet with such sudden shut off it leaves the blanks in various stages throughout the works in the dipping rooms, press rooms, etc. and it is a great deal of trouble to go through and collect them and put them away, in their various stages and store until wanted, so I assure you we appreciate your willingness to have us send what we have under way.

We are putting all our efforts just now into the bronze blanks and will continue to do so, at the same time making occasion al shipments of the nickel.

Yours truly,

Scovill Mfg.Co.
